Response to Amendment

1. This action is responsive to amendment received on 1/9/2006.
2. Objections to claims 27, 37-41 have been removed in light of amendments.

Reasons for Allowance

3. Claims 1-48 are allowed over prior art of record.

The following is an examiner's statement of reasons for allowance:

The closest prior art, Leon (US 6,680,923) is in the same field of endeavor as the instant application. However, the prior art fails to disclose the unique method steps of "using one transceiver for access communication and another for user data communication in a short range communication network", as claimed in each independent claim 1, 26, 43 and 48. It renders the application allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Afsar M. Qureshi whose telephone number is (571) 272 3178.
